Directors Notes

Being a part of a musical production takes a lot of time, energy and effort. It has been a thrill for me to work with this cast and tech crew on this show. The production staff has worked with the students collaboratively in putting this show together and creating an amazing product for the audience. Being a part of that process is a cool experience for all involved. The neat part is that the students make it happen. I am so proud of all of their efforts.

Greenville Public Schools is proud to offer our musical theater productions through our Performing Arts Department. We hope you enjoy our productions and continue to support the programs.

In the show, we watch Elle Woods work through the events in her life and she comes to realize things often don’t work out as she had planned. Sometimes the lesson is that through our experiences and friendships our lives take some twists and turns and often for the better. The experience through this production has done just that as well. Going through set design, construction, gathering countless props and costumes, incorporating adult actors and even two dogs has been our twists and turns. Through the hard work of many, you see the end product tonight. Enjoy!

I would like to say a Big, Special Thank you to the tech staff for all of their time and effort to make this show happen.

To the cast -- make it a great show to remember. Have fun.

Assistant Director Notes

It has been such a wonderful experience for me to work with the cast and crew involved in this production. The talent, energy, and can-do attitude brought by these students is inspirational. The remarkable part of this production is how much the students are involved in the preparation – from stage management to blocking to choreography; the list goes on. We are all very proud of their efforts.

Having performed on this stage countless times myself, it has been a special privilege to give back to a program that gave me so much. I hope you continue to enjoy and support our high school’s fine arts program that truly is special.

We are very glad to show off the results of seemingly endless hours of hard work and preparation. It has been so much fun putting this show together. We hope you enjoy watching the show as much as we love performing it!
