Director's Notes

Welcome to Disney's "Aladdin."

What a fantastic group of middle schoolers we have staring in this really BIG MUSICAL. These experienced actors and newbie's have worked long and hard to bring you their very best. I know parents and friends will be pleased and proud with what the young actors have accomplished in the past six weeks. Being in a musical is hard work.

I would like to thank the parents for adjusting calendars and family events to get their actor to rehearsals. We do understand this is a family commitment. So thanks for being flexible and supporting your kids in this way.

Next, I must thank the outstanding group of high school students that have committed to helping with this show. They have worked long hours giving their very best to the young actors. It is only with their help and assistance we were able to reach this high level of performance. Hats off to Mr. Chapman for his great high school training program.

Please make note of the adult staff that has worked intensely behind the scenes to make all the actors look good and sound good. It truly takes a strong team of adults and students to put together a great show such as this.

Thank you all for coming. We appreciate your support for the Theater Arts program at GPS. The arts are the soul of a nation. Enjoy!

Greenville Area Community Center at (616) 754-9163.

---

Greenville Performing Arts Center

After years of careful facilities planning, Greenville residents will consider recommendations
for renovations and improvements to each of our schools in a May bond election. Taking
advantage of historically low interest and construction costs, the project can be completed with
no increase in tax rates. In fact, local property tax rates for school debt will actually begin to
fall in 2013.

Included in this bond proposal are many items for the Performing Arts Center. Completed in
1998, the technology installed at the time was current for the entertainment industry. Since
1998, no major improvements have been made to the facility. In this bond proposal we are
looking to upgrade our Light Board, Lighting Data Infrastructure, Lighting Instrumentation,
Sound Board, Amplifiers, and Main Speaker Cluster. Additionally we are also looking at
improvements to our stage curtains, soundproof doors, and to the scene shop.

With these improvements in mind, we hope to continue to serve the more than 700,000
audience members who have enjoyed the Greenville Performing Arts Center since 1998.
These improvements will also allow the talents of Greenville Public Schools students to
continue to be showcased with the technology of the 21st Century.

(Auditorium Sound Booth)

We hope community members will attend one of the scheduled Public Forum sessions (listed
below) to learn more about the project and offer suggestions and have questions answered,
which can help us better respond to our community.

Two sessions are scheduled in the Community Room at the
Central Services Facility, 1414 Chase Road:

March 17: 10:00 am and 6:00 pm
April 7: 1:00 pm, 4:00 pm and 6:00 pm
April 28: 6:30 pm at GHS Auditorium
The 2011 Greenville Public Schools Capital Improvement Bond Proposal

On May 3, 2011, residents of the Greenville Public Schools will decide on a course of action for the provision of adequate and appropriate public school facilities.

Maintaining, and even upgrading facilities as program needs dictate, is not optional. Eventually, we must invest in our schools.

Bonding allows schools to raise funds for planned renovations and improvements without diverting dollars from the classroom.

Current costs on school bond projects are at or near historic lows. The district will pay a smaller amount of interest and lower construction costs than it would at another time.

This proposal does not increase tax rates. In fact, our debt levy will begin to fall in 2013, even with this modest extension.

Other portions of the project include:

- improvements to traffic/parking
- safety/security
- athletic facilities
- instructional technology
- heating/cooling in some classrooms
- cafeteria expansion

Greenville Area Community Center
Presents:
Summer Theater Workshops!

REACH FOR THE STARS – Beginning Acting
(Ages 6 - 12)
9:00 am - 10:30 am

#1 Session - Monday June 13 thru Friday June 17
#2 Session – (Repeat) Monday June 20 thru Friday June 24

Students will learn to improve acting skills through participating in a short play. There will be a performance the last day of the workshop.

REACH FOR THE STARS – ADVANCED ACTING
