NOTE FROM THE DIRECTOR
What an outstanding show the students and staff have undertaken to perform for you this year. The cast and crew have been working hard since September to present a show we are all very proud of. Hours have been spent on set pieces, lighting design, choreography, costumes, vocals, and acting. It was the goal of our “team” to present for you the fast pace and witty dialog that The Music Man is noted for. We feel your “kids” have done an incredible job capturing the essence of the original Broadway Musical.

The Music Man opened in New York City December 1957. In 1958 the show won 7 Tony Awards. In 2000 it was again revised on Broadway and received 8 Tony’s. In 1962 Warner Brothers released the movie of The Music Man making stars of Robert Preston as Prof. Harold Hill, Shirley Jones as Marian and Ronny Howard who played Winthrop.

The Barbershop Quartet that appeared in the first production where the international Barbershop Champion “The Buffalo Bills.” The quartet music was written for their quartet who had the highest tenor voice in the Barbershop society in the 1950’s. We think our Quartet does a pretty good job of living up to the Barbershop standards.

The Music Man is “As American as apple pie and a Fourth of July. A marvelous show, rooted in wholesome and comic tradition.” “A whopping salute to Meredith Willson and his native Iowa.”

Many thanks to an excellent staff of adults and students. The make-up and costume crew have surpassed all expectation in giving the cast their authentic 1912 look. Please take time to make note of all the individuals “behind the scenes.” We all know none of this could happen without their hard work and support.

And now, we invite you to sit back and enjoy a glimpse of the past as we transport you back to a more gentle time and place, 1912 - River City, Iowa, in the most beloved shows of all time.

NOTES FROM THE TECHNICAL DIRECTOR

It was the summer of 1984. I had finished my freshman year of high school at Stevensville Lakeshore and was enjoying my first round of Summer Theatre as a student technician. During the previous year I had performed in one show, and done limited Tech on two others. While Stage Crew was fun, it hadn’t really become the thing for me in High School. Until Summer Theatre 1984. The first show we did that summer will always have a special place in my heart as it really made me understand what theatre can do, and that was “West Side Story.” The second show of that magical summer was “The Music Man.” With these two shows, I had discovered the Enlightenment that theatre can bring to participants.

Harold Hill’s story of “Trouble” and “76 Trombones” really set me on my way of now a lifelong passion of live theatre. “Music Man” began my introduction into the idea of how a cast, a crew, and an orchestra come together to form a Company and transport an audience to a different, more gentle time and have them leave the theatre with a smile on their face. With “Music Man” in 1984, I had discovered how the technical staff on a show are also Entertainers.

I only can hope that some of the cast and crew can have as fond memories of this production of “Music Man” as I do of my first. The journey of the entire cast and crew during these last seven weeks has been one of education as well. Learning how to build muslin flats, learning the ins and outs of rigging and the scene shop’s newest friend, vinyl siding touches are only some of the new skills our students have acquired on this show. Their Education, and mine, continues, as I hope does yours.

“The Music Man” is our 8th musical in the Auditorium, and we hope you will join us again for many more. Enlightenment. Entertainment. Education. The Greenville Performing Arts Center is proud to be able to share all three with you. Once again, thanks to the entire cast and crew, and on with the show.

NOTE FROM THE VOCAL DIRECTOR

What a great group of students to work with! They have really worked hard to bring the spirit of “The Music Man” to life. I’ve enjoyed working with them on this production.

Things really do happen when you believe they can as they did for the people of River City. As directors we set out with a plan for our cast to bring the show to life and make it our own. And as you can see tonight, our cast and crew have made that happen over these last eight weeks.

It is a joy to work with students who enjoy working hard and are willing to be creative in bringing the story alive with their singing.

Many thanks to Amy DeBoer for her assistance with vocals on this show. To the wonderful “Music Man” cast...THANK YOU for another great musical experience here at GHS. “To the rhythm of Harch! Harch! Harch! All the kids began to march, and they’re marching still right today!” Enjoy the magic of MUSIC!
