Meagan Treadway* - Lenya Von Brunnocomes from Germany's aristocracy, her family being associated with the Von Krompenheime Artillery and Boom-Boom Factory. Alex O'Donald* - Otto Von Brunn is widely known as the "second most dangerous man in Europe," a fact he hopes soon to remedy. Born and raised in Berlin, he was tossed out of the finest universities in Germany, eventually completing his education at St. Brutus' Academy for Criminal Insane Boys. He took over his father's business of World Domination after his father's unplanned retirement off the deep end of Lake Bismarck. He is currently on the League of Nation's "One Most Wanted" list.

Dan Wilson - Professor Rupert Fenton has dedicated his existence to the pursuit of science. After a long career lecturing at universities, both large and small, he retired to his estate of The Larches, to begin work on several fascinating formulas, the results of which he hopes will have a dazzling effect on the scientific world.

Dylan Harris* - Captain Hugh Bullshot Crummond was born in Southern England, the only son of wealthy parents. After finishing his Oxford education, he enlisted in His Majesty's Royal Loamshires where he saw much action in France. His valor both on the field and off won him the Victoria Cross. Capt. Crummond received his nickname from his distinguished victories at the dart boards of the finest pubs in London. Since retiring from the Loamshires, Capt. Crummond has spent his time traveling the beauteous countryside of England, calling upon old friends and enjoying an adventure or two.

He followed Chummond into the Loamshires, ably assisting him in all their campaigns. He tendered his resignation upon being informed he would be forced to take high tea in a mess.

Megan Thorlund - The Country Constable is a third generation bobby, following in the footsteps of her mother and grandmother. She and her trusty flashlight petrol the town of Netherington night upon night upon night, defending the shores of England from her enemies, both foreign and domestic.

Jake Day* - The waiter was raised in the countryside. He attended His Majesty's Royal Academy of Bullery and graduated "summa cum laude". After many years as a gentleman's gentleman, he was let go for laying out his master's paid slacks with a striped jacket. He was forced to take on a job as a waiter at the Carlton serving the elite...a real step down.

Kim Joki - Miss Rosemary Fenton was born in the small town of Tunbridge Wells, to Professor and Mrs. Fenton. Her mother passed away while she was still young. Her father positively doted on her. She was close to her elder brother, Willy, but they parted ways somewhat when he joined His Majesty's Royal Loamshires and she enrolled in the nearby convent school of St. Lucy the Maid. Upon graduation, she was acclaimed to have the "Best Laugh". She then returned home to the Larches to look after her aging and somewhat absent-minded father.

Aubrey Fonger - Marovich was born in Siberia and studied at the University of Moscow, where she majored in English. Unable to market her hard-earned skills, she turned to a life of crime and general brutality. While vacating in Berlin, she ran into the charming Von Bruno. After she picked him up off the ground, he invited her to join Monstrosity, Inc., where she now heads up the Hench Dept.
