Program Note
On behalf of the cast and crew of *The Diviners,* we would like to welcome all of our guests to the Buzzard 3 One Act Play Festival. We hope you enjoy performing in our space as much as we do.

*The Diviners* tells the story of a young man permanently marked by the loss of his mother, who died saving him from a drowning accident. As a result, he is feared with a profound fear of the water, yet an innate sense of predicting rain. The cast is rounded out by well-mentioned characters who are searching for someone to cure Buddy's "affliction."

This is another show in our production schedule where the cast and crew have spent long hours coming together to make a really special end product. We hope you enjoy seeing it as much as we enjoy presenting it.

One final note: *The Diviners* wouldn't be possible without the hard work of the 5th and 6th hour T.A.'s (Technical Assistants) and Work Study students. These students do all the dirty work, and yet deserve all the glamour. Thanks, gang! Fly monkeys, fly! (Wait, that's the other show...)
